Visible results in 2 minutes!

Step 1. Apply a thin layer to dry skin (face, neck, hands and other areas of the body).

Step 2. Allow to sit 45–60 seconds then massage

in a circular motion until gel becomes

liquid and rolls up dead skin.

Step 3. If the gel does not liquify and roll up, wait

an additional minute and continue

massaging until it rolls and lifts away dead

skin. Rinse well and pat dry.

Step 4. Enjoy newly revealed radiant skin!
